BLOODTHIRSTY

Ralph Amoss Fatally Shoots
Will McFarland in An
Alley.

THEY FOUGHT OVER MONEY

The Victim Will Die From His In-
juries—He Was Shot Three
Times.

ASSASSIN IS UNDER ARREST

Ralph Amoss, alias "Red", who
was shot by Will McFarland, was
arrested last night about 11 o'clock
in the alley back of the
Western grocery, near Seventh and
Washington streets.

The shooting occurred near a shanty
there, and Amoss is believed to have
been provoked by a dispute the two
had over some money.

Amoss charged his gun on McFarland
and fired, hitting him in the chest,
and Amoss drew a .42 calibre pistol
and shot McFarland in the left side.

McFarland staggered over to a fence
and while leaning up against it, Amoss
said that wasn't all he was going to
do and walking over to him placed
the pistol to McFarland's side and
shipped it at him again. He then
disappeared.

Dr. H. T. Rivers was called and pro-
nounced the wounds probably fatal.
He was placed in a house near by,
where he suffered greatly all night.

Officers Gontoux and Shugart
found Amoss about midnight, and
locked him up. Amoss claimed that
his name was Johnson, but this morn-
ing in the police court said it was
Amoss.

A warrant was issued against him
for malicious shooting, and he was
remanded to jail in default of bond
and because he was set about one week
in order that the result of the wounds
may be known.

Amoss had little to say this morn-
ing but that they were both drunk.

CHICAGO'S DAY

Laying of Corner Stone of New
Federal Building.

President McKinley, Canada's
Premier and Mexico's Repre-
sentative Present.

CHICAGO, Oct. 9.—The corner stone
of the new federal building was laid
this morning with impressive cere-
monies. The exercises were witnessed
by a large crowd. After the address
by President McKinley, the corner
stone was laid by the president.

At the conclusion of the cere-
monies the president's party was
entertained at the Union League Club,
where an elaborate luncheon was served.
The president and distinguished guests
from Canada and Mexico were then driven
to the lake front where they took their
place in the great Chicago day parade.

President McKinley, Premier Laurier,
of Canada, and Secretary of State Ma-
cdonald, of Mexico, were given great
honors all along the entire line of
the parade. The parade was one of the
greatest ever seen in Chicago, over
twenty thousand people being in the
line.

MANY INQUIRIES.

New Morphine and Whiskey Rem-
edy Will Be a Great Success.

Dr. Stewart and Rivers, whose re-
medies of a few years ago for mor-
phine and whiskey addiction were none
but cures, have made several other
successful cures, and are in receipt of
many letters and telegrams from
many different cities, asking about
the remedy.

They now have several more patients
to whom they are giving the cure, and
many are awaiting their turn. They
have every assurance that they will
make great success with all of them.

was turned in about 9:30.

Late yesterday afternoon the de-
partment was called to the two-story

Fourth street, where a small blaze was
extinguished before great damage was
done.

PEACE IN OTHER COUNTRIES

The Boers Have Practically Moved
to the Border and War
Is Near.

BOTH SIDES CHAFFING AT DELAY

LONDON, Oct. 9.—Every department
of the British government is showing
great activity. The admiralty is
concentrating its transports, and it
is believed that 95 per cent. of the
reserves will be fully equipped with-
in six days. Twenty-five thousand
reserves have already received instruc-
tions and money orders for pro-
visions. The dispatches from Mafek-
king say that the Boers have moved
practically to the border. The work
of fortifying the towns near the bor-
der is progressing well.

LONDON, Oct. 9.—The queen's speech
to be read on the opening of parliament
next week will sharply define the re-
lationship between England and the Trans-
vaal. It will describe the Transvaal's
operations and nature of the police
measures necessary to restore British
authority in the Transvaal state and also
a repress system of the treatment of
British subjects.

JOHANNESBURG, Oct. 9.—It is be-
lieved natives here intend to join the
lawless elements of the Boer population
in creating disturbances in the hope of
getting plunder. Preparations by na-
tives to attack and loot the mines have
been discovered. The local authori-
ties are powerless to prevent order
and troops will be called for from border
outposts to maintain order.

READY NEXT MONDAY.

Supt. Erler Expects to Have a
Proposition for the City.

Supt. Wm. Erler, the sewer con-
tractor, arrived in the city last night,
and leaves tonight for Louisville. He
is thinking that there would be no
trouble in having the sewerage
system completed by the city.

He found some disagreement, how-
ever, and will likely submit a propo-
sition to Street Inspector Venterback
to complete the work of repairing
the streets, which is the principal
item of contention at present, and
if successful expects to have the sewer
age system completed next Monday
night.

RASCALS ON TRIAL.

Noted Counterfeiters Before Court
in Philadelphia Today.

PHILADELPHIA, Oct. 9.—The trial
of the defendants in the most cele-
brated counterfeiting conspiracy in
the history of the United States began
today. The defendants are members
of the Jacobs-Kening gang, who cir-
culated hundreds of thousands of dol-
lars worth of counterfeit internal re-
venue stamps about a year ago, re-
sulting in the seizure of millions of dollars
when the counterfeit was discovered.

TELEGRAPHIC SPARKS.

Fire at Huntsville, Ala., last night
destroyed an entire block. Two heavy
cottons, a residence and several busi-
ness houses were burned. The loss is
about \$75,000.

The mine train brought by Nath-
an B. Hawkins against sixty insurance
companies, charged with violating the
anti-trust laws, will be called today at
Portland, Ind.

Mrs. Adolph Wagner shot her hus-
band, a Louisville printer, who at-
tacked her while in a jealous rage, and
he will die.

Twenty-four more cases of yellow
fever developed at Key West yester-
day. There were three deaths.

David Hey, son of David Hey Pasha,
the grand vizier, was assassinated at
Constantinople by an Albanian.

HOW IS THIS?

WEBSTER, Ia., Oct. 9.—William
Jennings Bryan is a very sick man.
Friends who have spent Sunday with
him at the farm of Fred E. White,
Democratic candidate for governor
of Iowa, three miles from Webster,
are afraid that Mr. Bryan may have
to temporarily abandon his campaign
work not only in Iowa, but in Ken-
tucky and Ohio.

JONES IS BACK.

NEW YORK, Oct. 9.—Senator James
K. Jones, chairman of the Democratic
national committee, returned from
Europe yesterday much improved in
health. He says Bryan will be the
Democratic nominee in 1900 and he is
sure to win. Mr. Jones says that Cro-
well is in line for the Nebraskaan.

OFF TILL THURSDAY.

NEW YORK, Oct. 9.—Representa-
tives of the yacht Shamrock and Col-
umbia yesterday reached an agree-
ment by which the yacht will race
every day after Thursday until the
question of supremacy is settled.
During the past few days belief in
the Shamrock's chances has increased.

lic archbishops of America will hold

POLICE COURT.

Judge Sanders Talks About City
Ordinances.

There were but few cases in Judge
Sanders court this morning.

Maud Veltina and Chas. Young were
fined \$35 and costs for immorality,
but a bench of the peace case against
them, was committed.

A case against a young man for
walking with a prostitute was dis-
missed. He was fined \$5 and costs a
few days ago, but committed to con-
fine the case and through his attor-
ney, Mr. Oscar Kahn, made a motion
for a new trial, which was granted.

His attorney then made the point
that the ordinance prohibited any
man standing and talking to a pros-
tute, or from riding with one, but
said nothing about walking with them.
Judge Sanders agreed with him, and
said that the ordinance needed amend-
ing as it said nothing about women
prostitutes walking with men but
prohibited them standing and talk-
ing to them.

erty for the opening of Madison and

hospital. The city already has the
right of way for opening Monroe.

The bond of Supt. Harry Wallace,
of the city electric light plant, was
accepted.

Phil Stephens's coffee house license
was transferred to E. B. Ward, at the
same place.

tend the Carroll street fair on "Padu-
cah Day."

Fellows had been granted the use of

ALL ARE SOLICITED.

The Sun is requested by the solici-
tation committee to urge all indus-
tries, whether large or small, to pre-
pare to take part in the carnival pa-
rade to occur two weeks hence. The
committee may not be able to see
all whom they wish to see and may
accidentally overlook some one, so
they wish it understood that all are
solicited to and are expected to take
part and that every one who cares to
do so and will make a display is cordi-
ally invited. The matter is one of
great interest to all alike, and none
should hesitate to exhibit interest

ARRESTED AT JACKSON, TENN.

JACKSON, Tenn., Oct. 8.—Col-
on Pignas, a young traveling man,
a member of a prominent Mississippi
family, is in jail here for robbing
the letter box at the Southern Hotel
and extracting two checks, one for
\$30 from the Hart Manufacturing
company, of Memphis, and another
for \$50 from the Iversen Millinery
company, of St. Louis, sent to their
representatives. He had both checks
cashed. When arrested this after-
noon he had more than a dozen filled
letters on his person. He broke
down and confessed. He was dis-
charged by W. B. Belknap & Co.,
a few weeks ago, and had been drink-
ing heavily.

FACTS TO BE REMEMBERED.

for their crops. All the fruits in
